

CAPABILITIES STATEMENT

C&N Manufacturing is a comprehensive precision machining and manufacturing partner specializing in prototype to medium-volume production. With a state-of-the-art, ISO certified facility equipped with advanced CNC machining centers and a wide range of secondary operations, we deliver high-quality components with exceptional turnaround times. Our expertise lies in serving demanding industries such as aerospace, defense, and transportation, where precision and reliability are paramount.

COMPREHENSIVE CAPABILITIES:

Rapid turnaround:

Quick delivery for prototypes and low-volume production, with rush and emergency services available.

Material versatility:

Expertise in processing a wide range of materials to meet specific project requirements.

Industry focus:

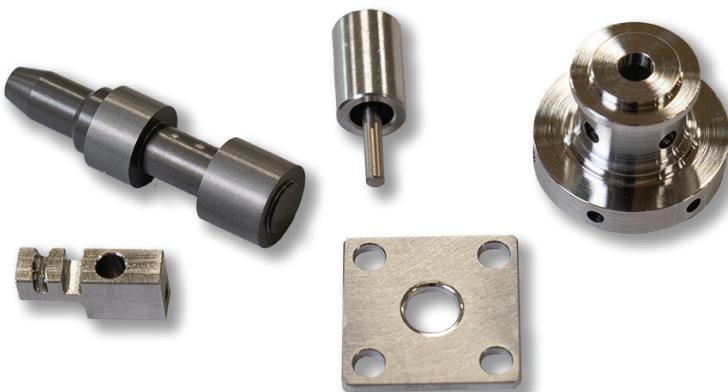

Proven experience in aerospace, defense, medical, and transportation sectors.

Quality assurance:

ISO certified facility with rigorous inspection and testing procedures.

Customization:

Flexible to meet unique customer needs and specifications.

MACHINING CAPABILITIES:

CNC Turning 3 Axis

Size:

- Thru spindle : .026" to 2" diameter
- Chucked: 10" diameter

CNC Milling 4 Axis

Size:

- 40" x 20" x 20"
- Machine within Tolerance: +/- .0002" (+/- .005mm)

Secondary Operations:

Heat Treat, Honing, Centerless Grinding, ID OD Grinding, EDM, Plating, Painting and Penetrant Inspect

EIN: 38-2338050

Cage Code: 1JH42

Unique Entity ID: WQ3UMDKLFNR4
ITAR Registered

MANUFACTURING NAICS CODES:

- **332710** Machine Shop
- **332721** Precision Turned Products
- **332722** Bolt Nut Screw Rivet & Washer
- **332911** Industrial Valve
- **332912** Fluid Power Valve & Hose Fitting
- **336411** Aircraft
- **336412** Aircraft Engine & Engine Parts
- **336413** Other Aircraft Parts & Auxiliary Equipment
- **336991** Motorcycle, Bicycle & Parts
- **336992** Military Armored Vehicle & Tank Component
- **339112** Surgical & Medical instrument

Multi Year Winner for Delivery Performance:

Honeywell

Supply of the Year:

BORGWARNER
